

CVT TRANSMISSION CONDITIONER

Valvoline

PROFESSIONAL SERIES™ MC

We know what really grinds your gears.

FOR CVT TRANSMISSIONS ONLY, TREATMENT IS DESIGNED TO:

- Protect against leaks
- Condition seals
- Maintain Transition Efficiency
- Provide extra protection against wear and high temperature breakdown.

CVT Conditioner

886238 (12 FL OZ, 355 mL)

RECOMMENDED INTERVAL

This service should be performed as needed or as general maintenance once a year or every 15,000 miles / 24,140 kilometers.
