

TCA MONTHLY FEBRUARY 2022

TRI-COUNTY AUTO SUPPLY COMPANY

TRI-COUNTY AUTO SUPPLY COMPANY - FEBRUARY

LOVE IS IN THE AIR AT TCA

With Valentine's Day right around the corner, love is in the air here at TCA. To help spread the love we have some red-hot specials we are very excited to extend to our loyal clients. Stock up on several products we've identified as being critical to the daily operations at your facility:

- Windshield washer fluid
- Absorbent pads
- Disposable face masks
- N95 respirator masks
- Latex and nitrile gloves

Place an order for these essential products now while you can and get a jump on the ever increasing list of supply chain shortages. For more information contact your sales representative or visit www.shoptca.com.

ORDER ONLINE TODAY

Did you know you can place stock orders online through our website, www.shoptca.com? Visit our webpage today to view our entire catalog of products and place stock orders using our no hassle ordering system. While you're browsing the site be sure to check out the February specials mentioned above. For more information on how to set up an account on our website contact your sales representative or call our main office at 973-625-7708.

BULK OIL BONANZA

It's no secret one of the hardest hit product lines by supply shortages in our industry has been motor oil. Regardless of the manufacturer or grade of oil there never seems to be enough available. 2022 has brought a renewed focus to TCA on expanding our oil offerings. We have exclusive deals with several well-known, quality focused manufacturers to provide our customers with the best pricing possible, and getting started on this program has never been easier. Allow one of sales reps to review your oil needs and determine how best to fulfill those needs. We have a wide range of grades available in everything from cases and gallon boxes to drums and totes. We can also have bulk oil delivered directly to your on-site oil tanks.

NEW PRODUCT SPOTLIGHT

This February Valvoline will be launching a new used vehicle restoration kit designed specifically for cars with continuous variable transmissions. With OE manufacturers using more and more CVTs it's a great time to get ahead of the game and be prepared when your customers need their vehicles serviced. Those customers that already use Valvoline's original 15K vehicle restoration kit will find this new kit just as effective. Utilizing their most popular, low-touch performance additives, the VPS 15k Vehicle Restoration Kits help maximize the life of your customer's vehicles by protecting critical vehicle systems. Backed by Valvoline's 15,000-mile guarantee, these products require no specialized tools to administer, can be performed in minutes and offer attractive margins, while providing you with a quality service for your customers that can lead to return visits. Contact your sales representative today for more information.

WELCOME ABOARD!

We here at TCA are excited to announce the newest addition to our team, Amy Von Sternberg. Starting this month Amy will be taking over the role of office/accounting department assistant. We are confident Amy has the necessary skills to help TCA along its path of continued success. We look forward to helping you grow within the company and wish you much success in your new position.

DONATE TODAY

Along with our renewed focus on providing our customers with the best service possible in 2022, TCA is also focusing on giving back to the community. With everything going on in the world today the number of people/charities that need assistance is increasing and every little bit helps. This month TCA was able to donate to Shriners Hospitals and St. Jude's Children's Hospital, both of which provide much needed medical care to children. We are very grateful to be able to provide some aid to both of these important institutions.
